Season 2024-5 Winter Menu

Myoko Wellness

This year we will deliver a program that utilizes the nature of Myoko. Wellness begins the moment you enter the spa. The air throughout the spa has been purified using components extracted from thinned forest materials, means environment friendly.

At Spa Manna, we have fully opened the bathing facilities since last year, and we have arranged for you to enjoy a wellness moment by utilizing the bathing facilities within Spa Manna for all treatment menus.

Facilities: Spa Manna (spa treatments), high-quality tea will be prepared from Mana Kitchen (wellness kitchen), hot springs (sauna, indoor bath, outdoor bath). In the wellness ritual that includes oil treatments, we have introduced a fragrance ritual so that you can enjoy the scent of Myoko along with jojoba oil. We have also prepared new treatment menus from Sophistants.

You can continue to enjoy the facial menu using nano-collagen sheets and serums from Korean cosmetics by All About Beauty, which was well-received last year.
